- ◇ **Rebecca Tallent, 4103**
- ◇ **Greg Houck, 4094**

- What matters most to you about your health care or end of life care?
- If you can't make decisions about your care or your wishes, who would you want to speak on your behalf, make those decisions?
- Do you know about Advance Directives? What they do?

RWC encourages all staff to consider these important questions and complete an Advance Directives document. It's simple, does not need to be notarized and RWC staff can assist you.
